RIGHT IDEAS BRIGHT IDEAS

Interior * Turnkey * Modular Kitchen * Vastu

who we are

We had started from importing kitchen appliances in 2010. After starting a retail store for furniture in 2012 at Mira road we had opened a showroom at Mira-Bhayandar highway in 2014. In 2019 I have completed my diploma in interior design and ventured into interior turnkey contracting.

We provide you end to end interior services right from designing to execution of civil, electrical, plumbing, false ceiling , furniture , modular kitchen, painting and polishing etc.

We can also do vastu study of your premise and we can do vastu compliance interior also.

Because of our Modular kitchen and Modular furniture background we are one of the very few firms in market who have deep understanding of modular as well as traditional furniture systems.
